## Product Listing Request

To: Highly esteemed Grocery Manager or Branch Manager,

As a loyal customer of your establishment, I have noticed you do not yet carry a product I have been desiring to purchase at this location, so I took the initiative to download and print this product request letter off the product's official website to humbly request that you do.

The product in question is **Lava Brew™**, a unique blend of nectar and non-alcoholic flaxseed brew, which makes it thicker and creamier than your average nectar. It is all-natural, has no additives or preservatives, is shelf stable, and proudly made in Canada.

For more information on this product, please visit the website: <http://lavabrew.com> or you may contact the company directly by email: [product-request@lavabrew.com](mailto:product-request@lavabrew.com) or phone: **416 736 0525**

I look forward to being able to purchase Lava Brew™ at your location.

Thank you for your time.

Sincerely,
